This architectural drawing shows a side elevation of a building facade. The building has a long, low profile with a flat roof. The facade features several windows and doors. From left to right, there is a small rectangular window, a larger rectangular window, a door with a small transom, another large rectangular window, a door with a small transom, and a final large rectangular window. The roof is shown with a series of vertical lines indicating its profile. To the right of the building, a series of horizontal lines with numerical values (0, 10, 20, 30, 40, 50, 60, 70, 80, 90, 100) are drawn, likely representing a scale or elevation. The drawing is a technical sketch, possibly for a construction plan or a historical record.
